

TAUNTON ART GROUP PRIVACY NOTICE

Looking after your personal contact information is important to us. When you complete a membership form we ask you to provide your name, postal address, telephone number and email address. Taunton Art Group (TAG) will use the personal contact information that you provide to contact you about events and activities related to Taunton Art Group. For example, if you are booked onto a workshop, which has to be cancelled, we will try to contact you, so that you do not have a wasted journey.

Personal contact information is stored securely electronically and in paper copy by the membership officer and is shared with other TAG committee members as required in connection with the purposes of the Group. Taunton Art Group will never share your personal contact information with any other person or organisation.

Occasionally Taunton Art Group may pass information to you about arts events organised by others, or special offers available to Taunton Art Group members. On the membership form there is a box which you can tick if you do NOT wish to receive this information, or you can notify the membership officer at any time if you no longer consent to receive information from external organisations.
